Waste sorting

We asked 100 people in our city
and this is our result about waste sorting.

Our question was simple:
"Do you sort waste?"

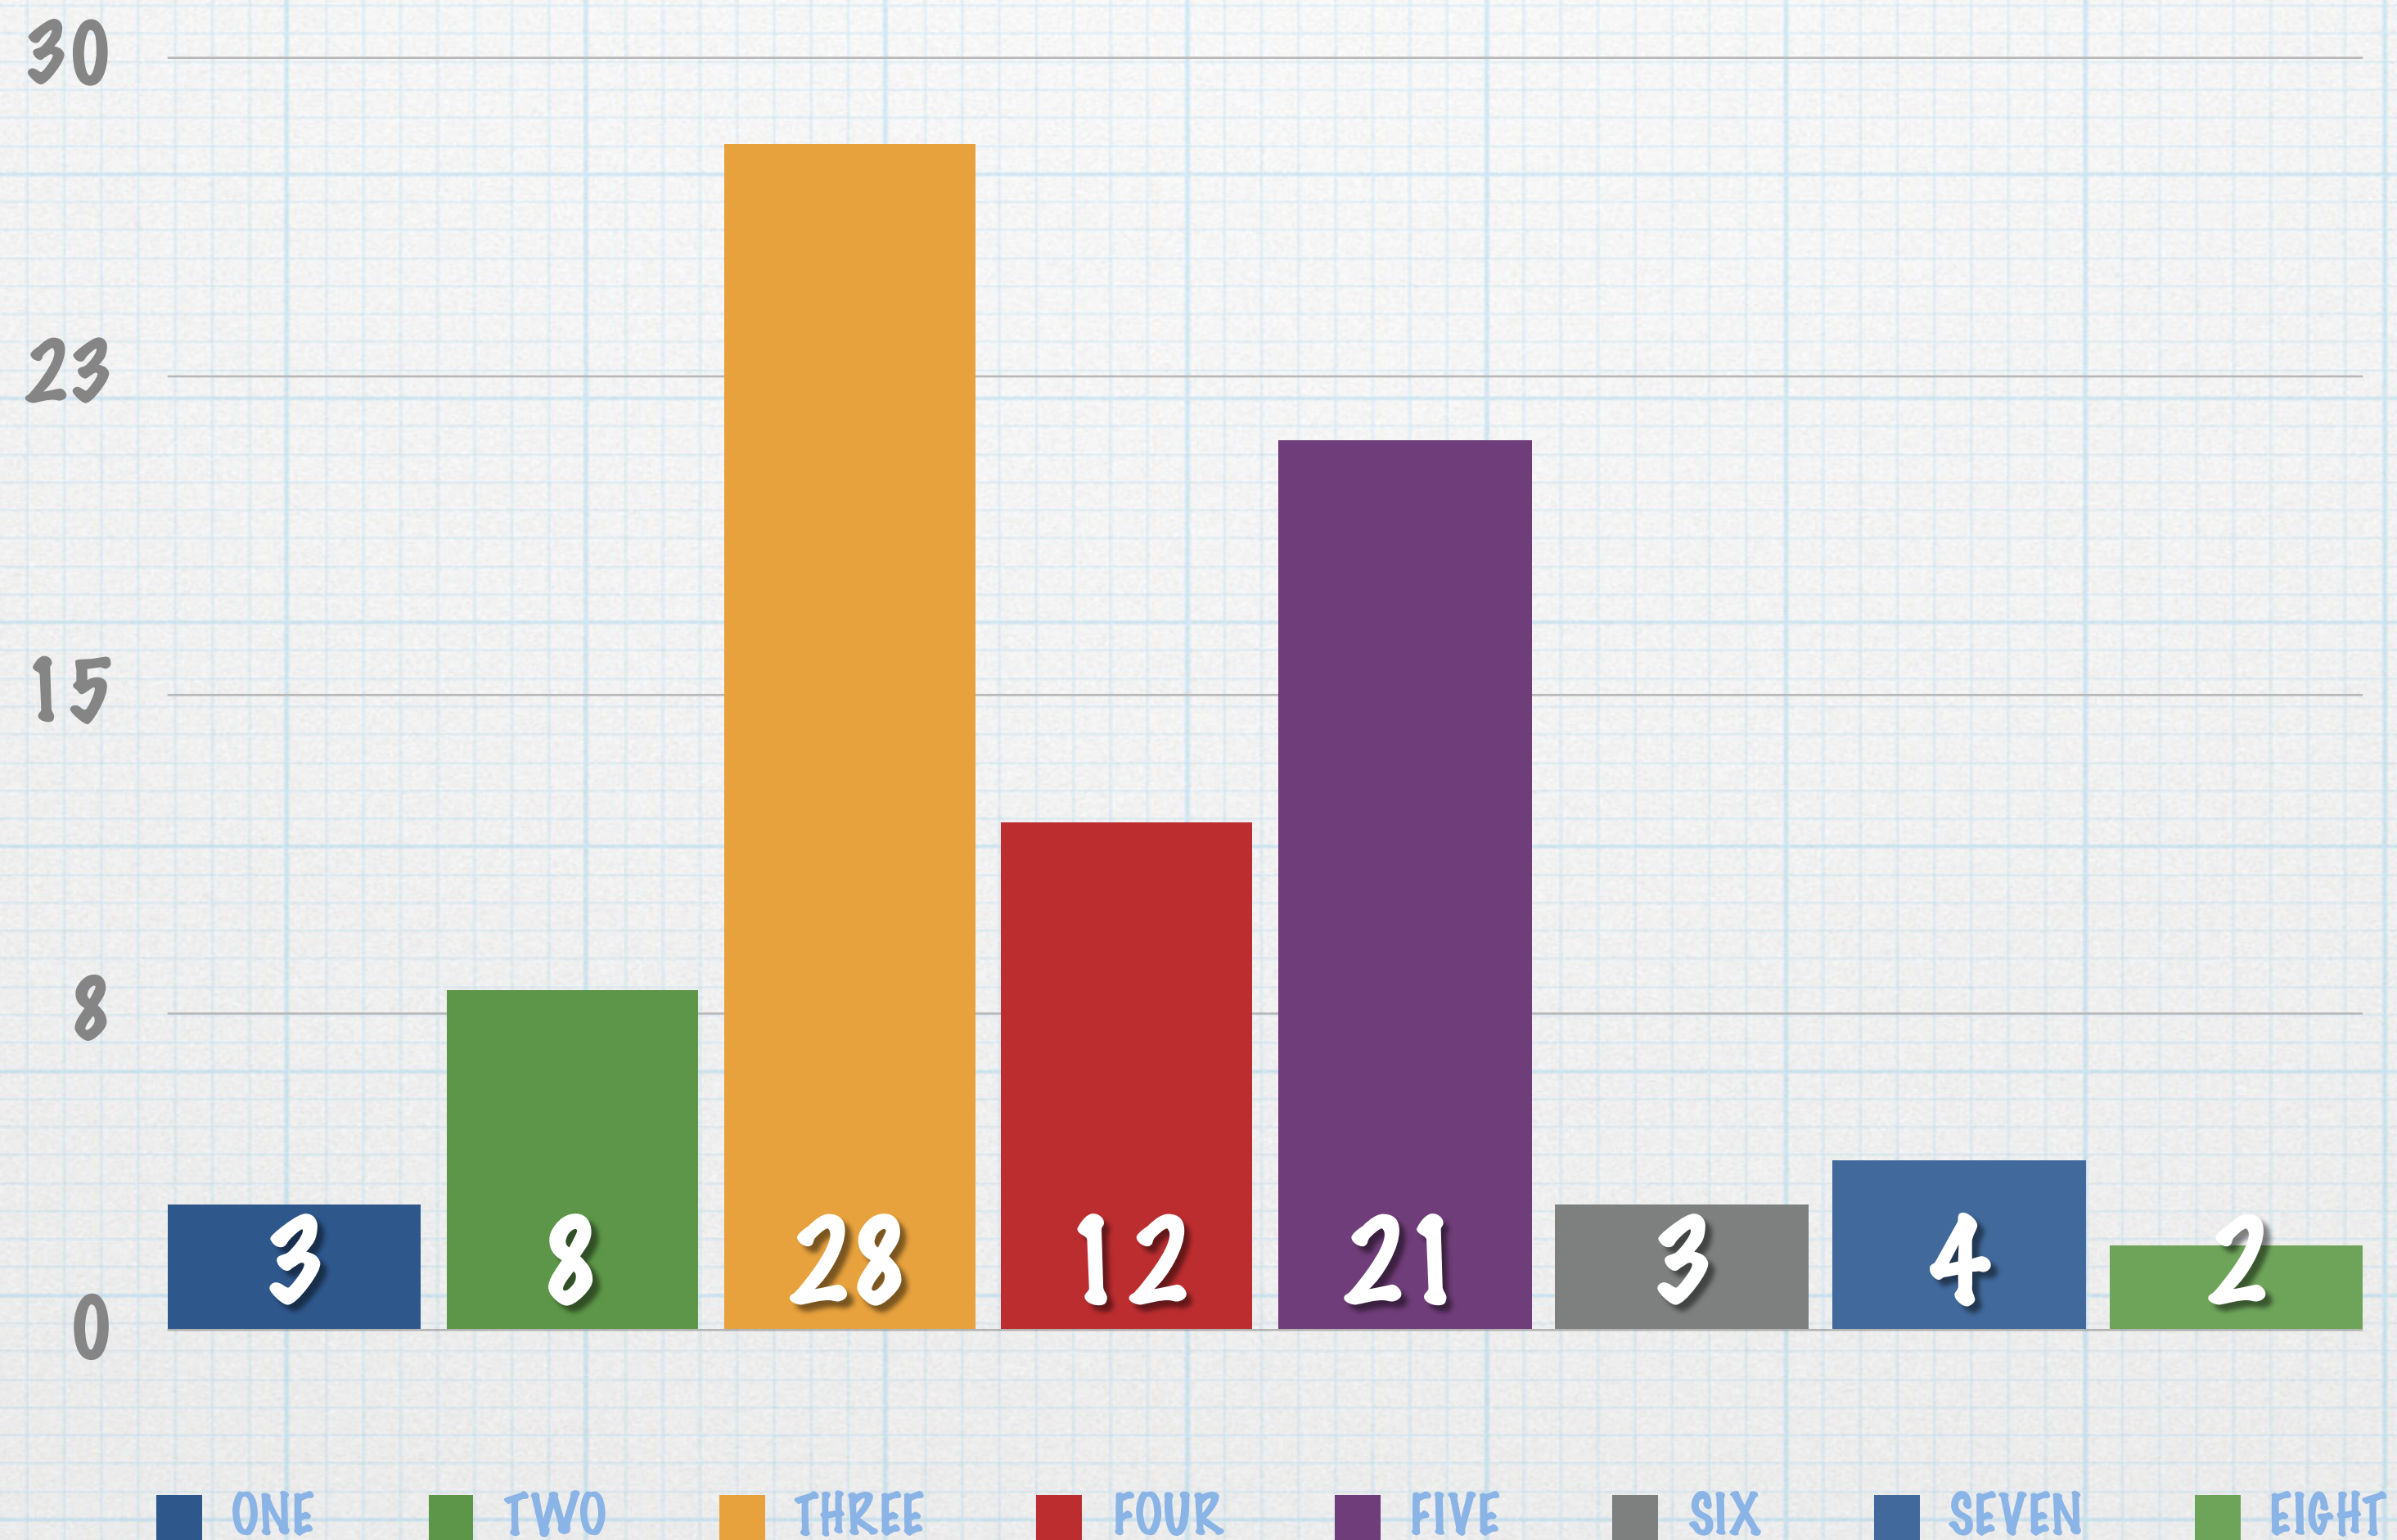

Only 19 % doesn't sorting waste.

● NO

● YES

Are you a sorter? How many kinds of waste you split up?

Kinds of waste

Ecolamp

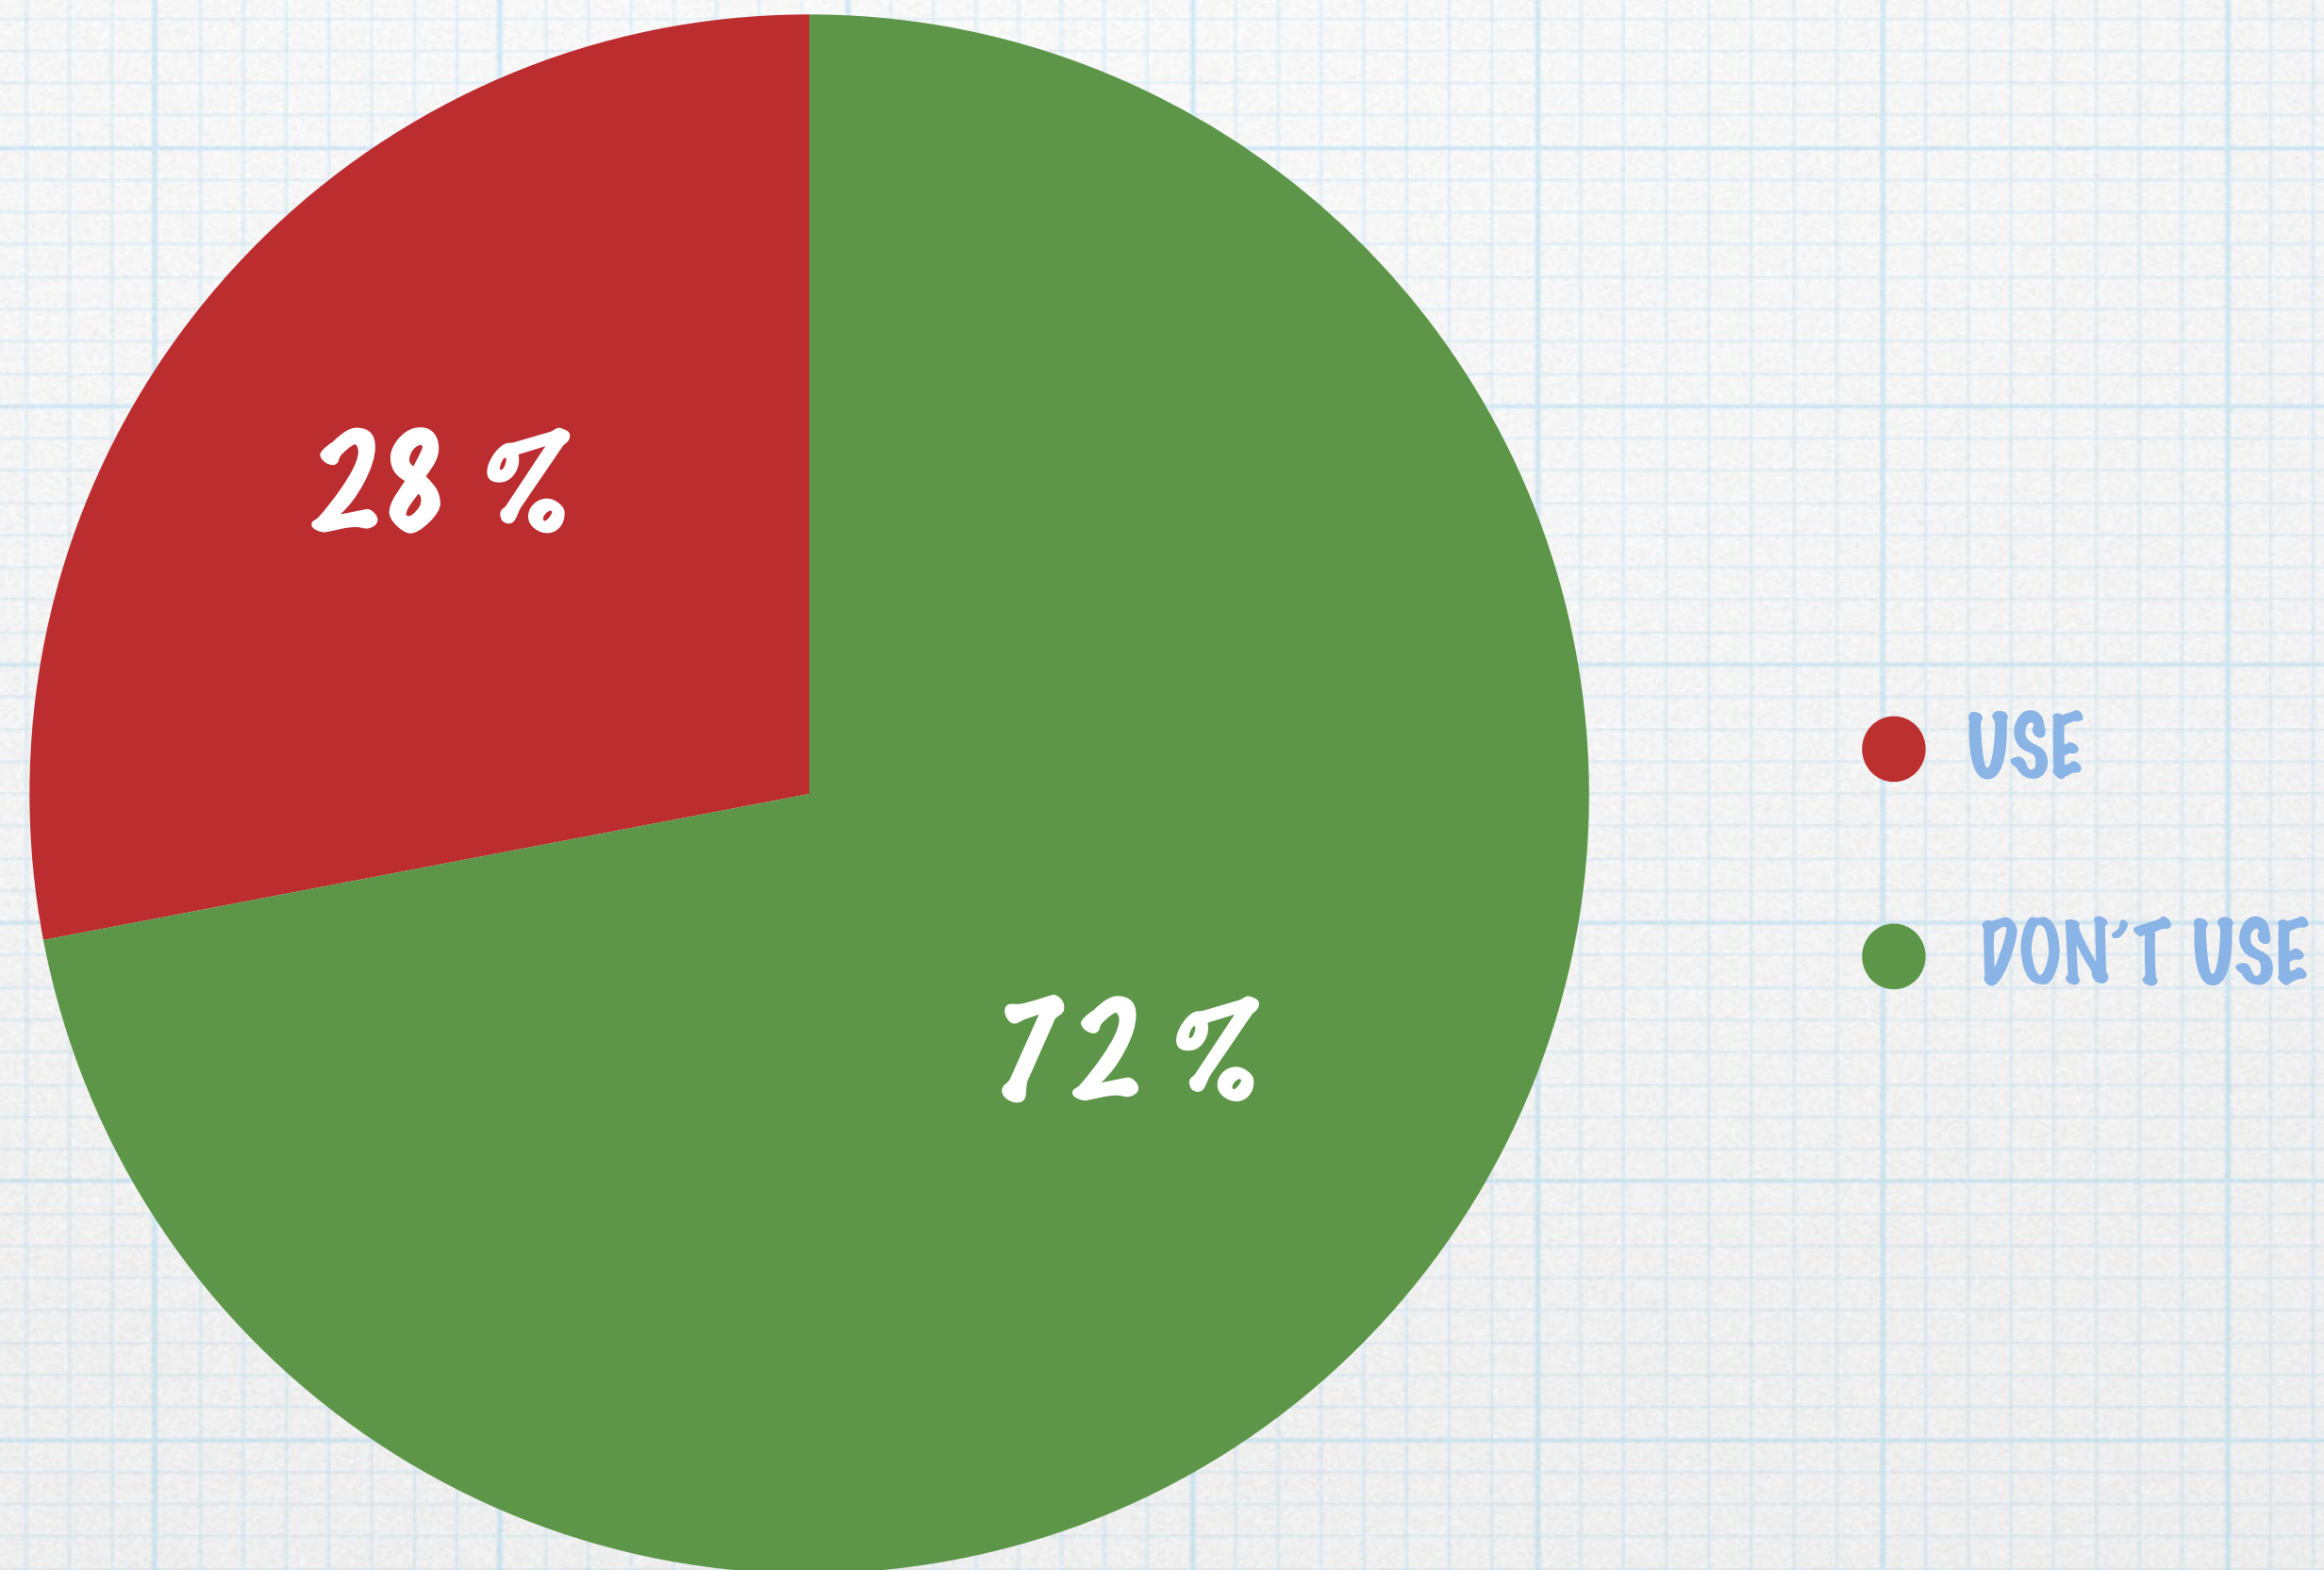

You can bring here
your old light bulb.

It's regressive takeoff of used bulbs.

Then they recycle all of illuminating equipment.

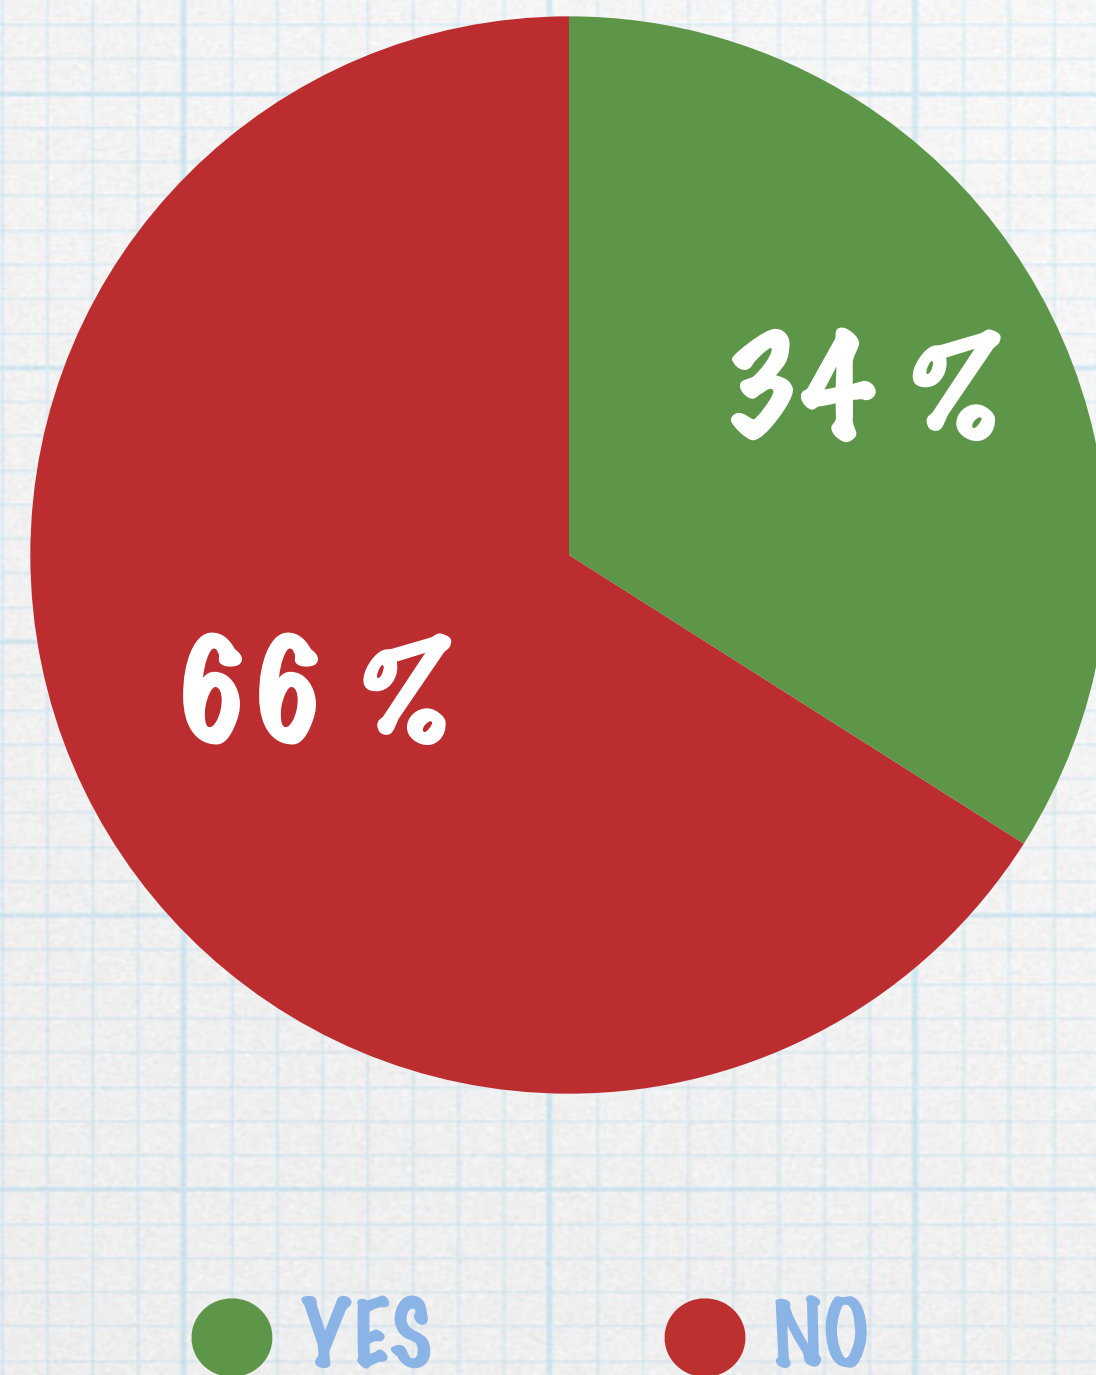

Disposable tableware

Question:

Do you use disposable tableware or plastic cutlery etc. ?

Zero waste

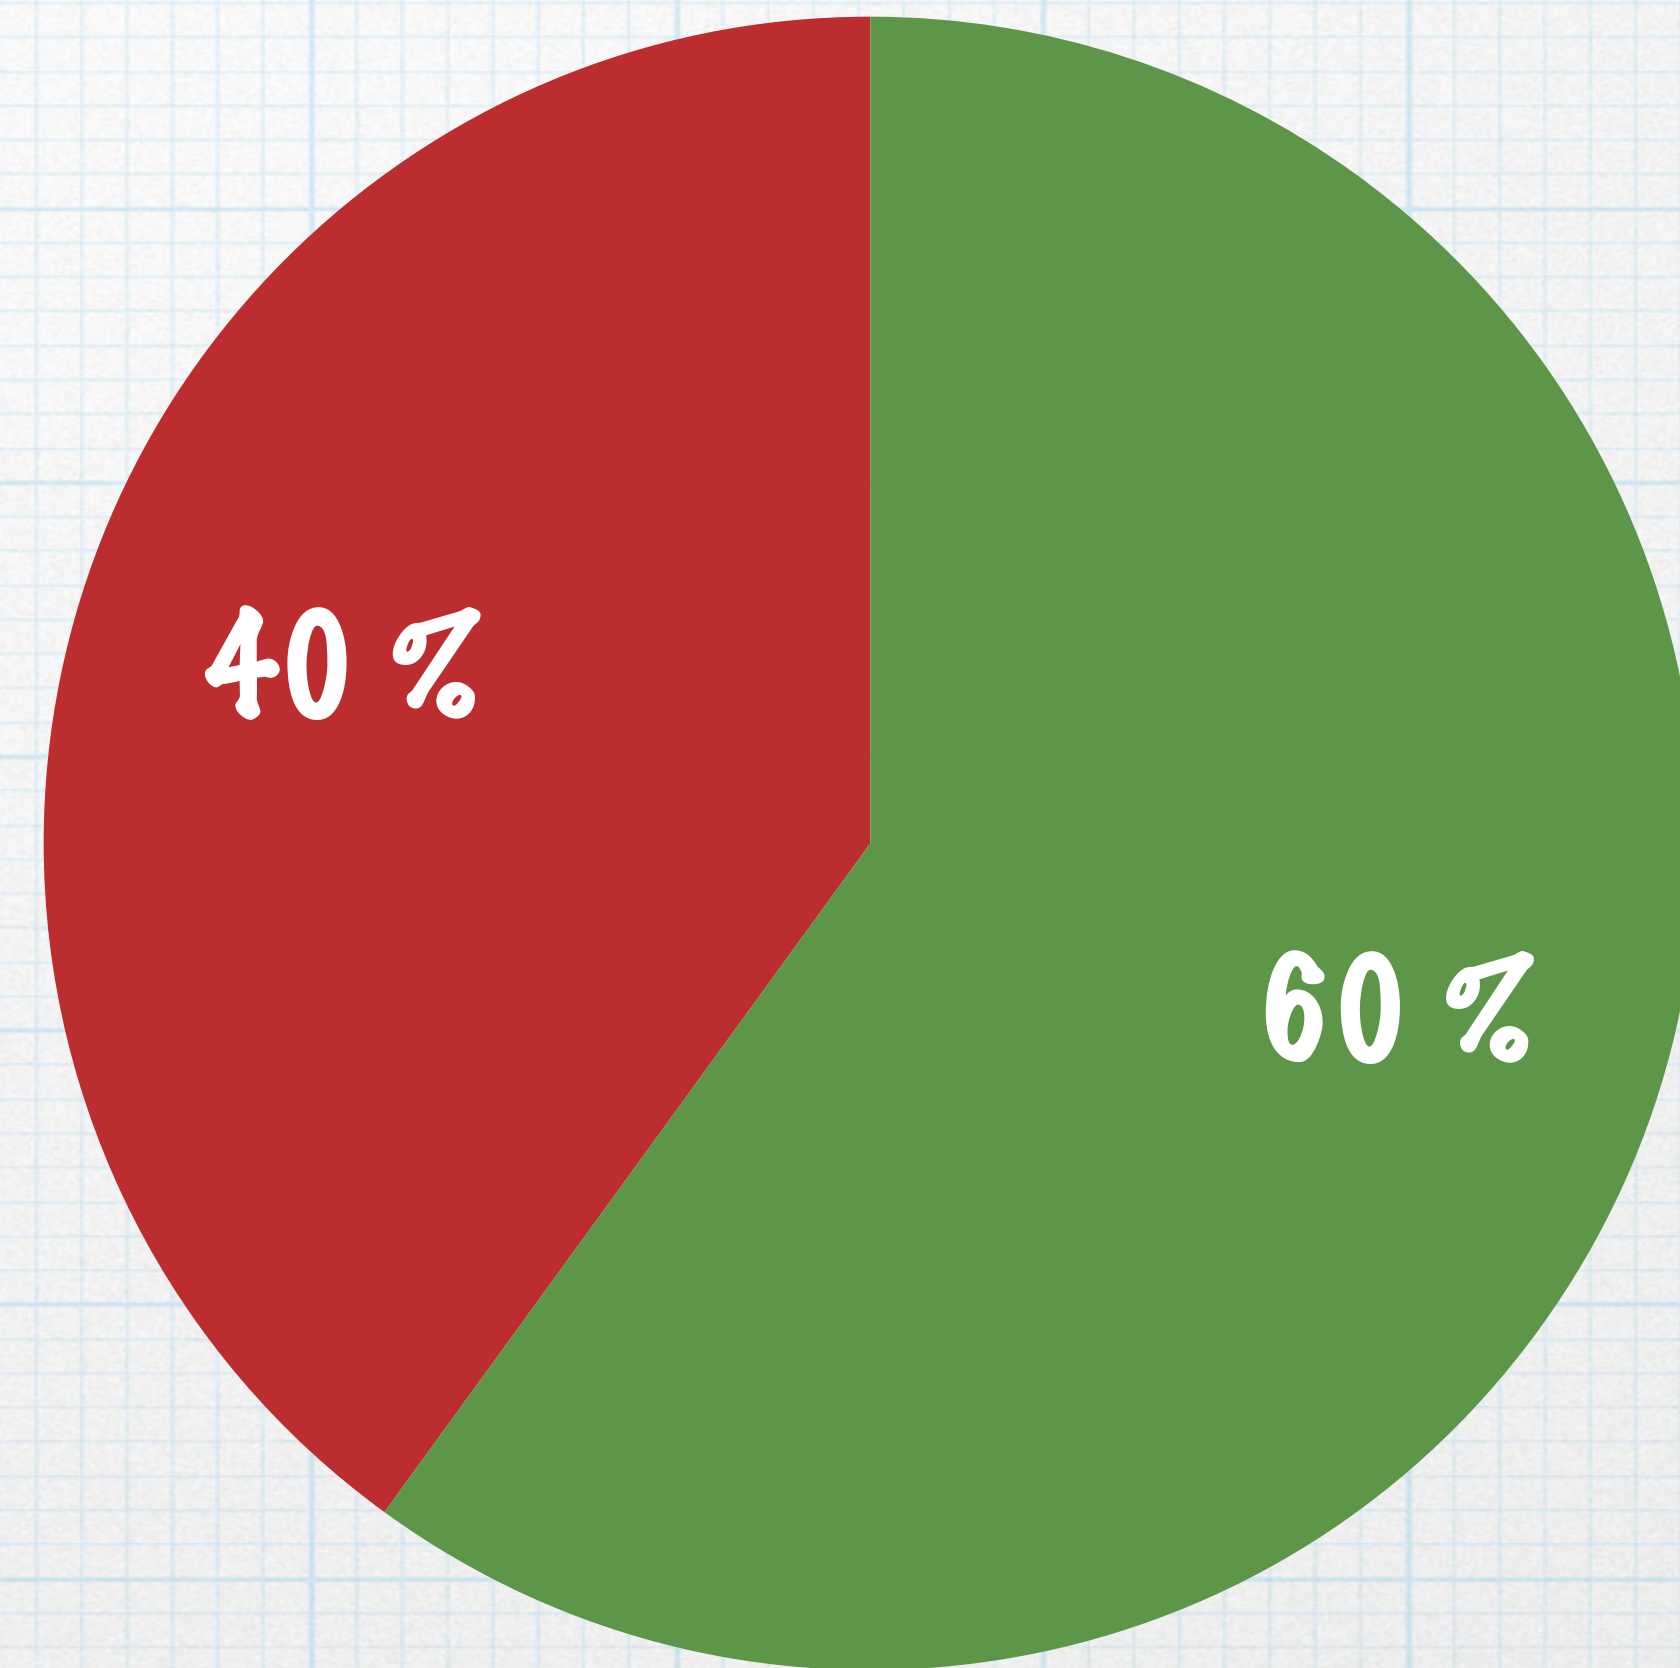

Do you know what is a project
Zero waste ?

We asked a lot of young people but
only 34 % know it.

We can change it, so come on !

Do you recycle ?

● YES ● NO

Someone create new things
from old clothes.

We make clothes from
old fabric from a couch
and old bet sheet.

**This is our
creation**

**We made it in pair
me and Agnes.**

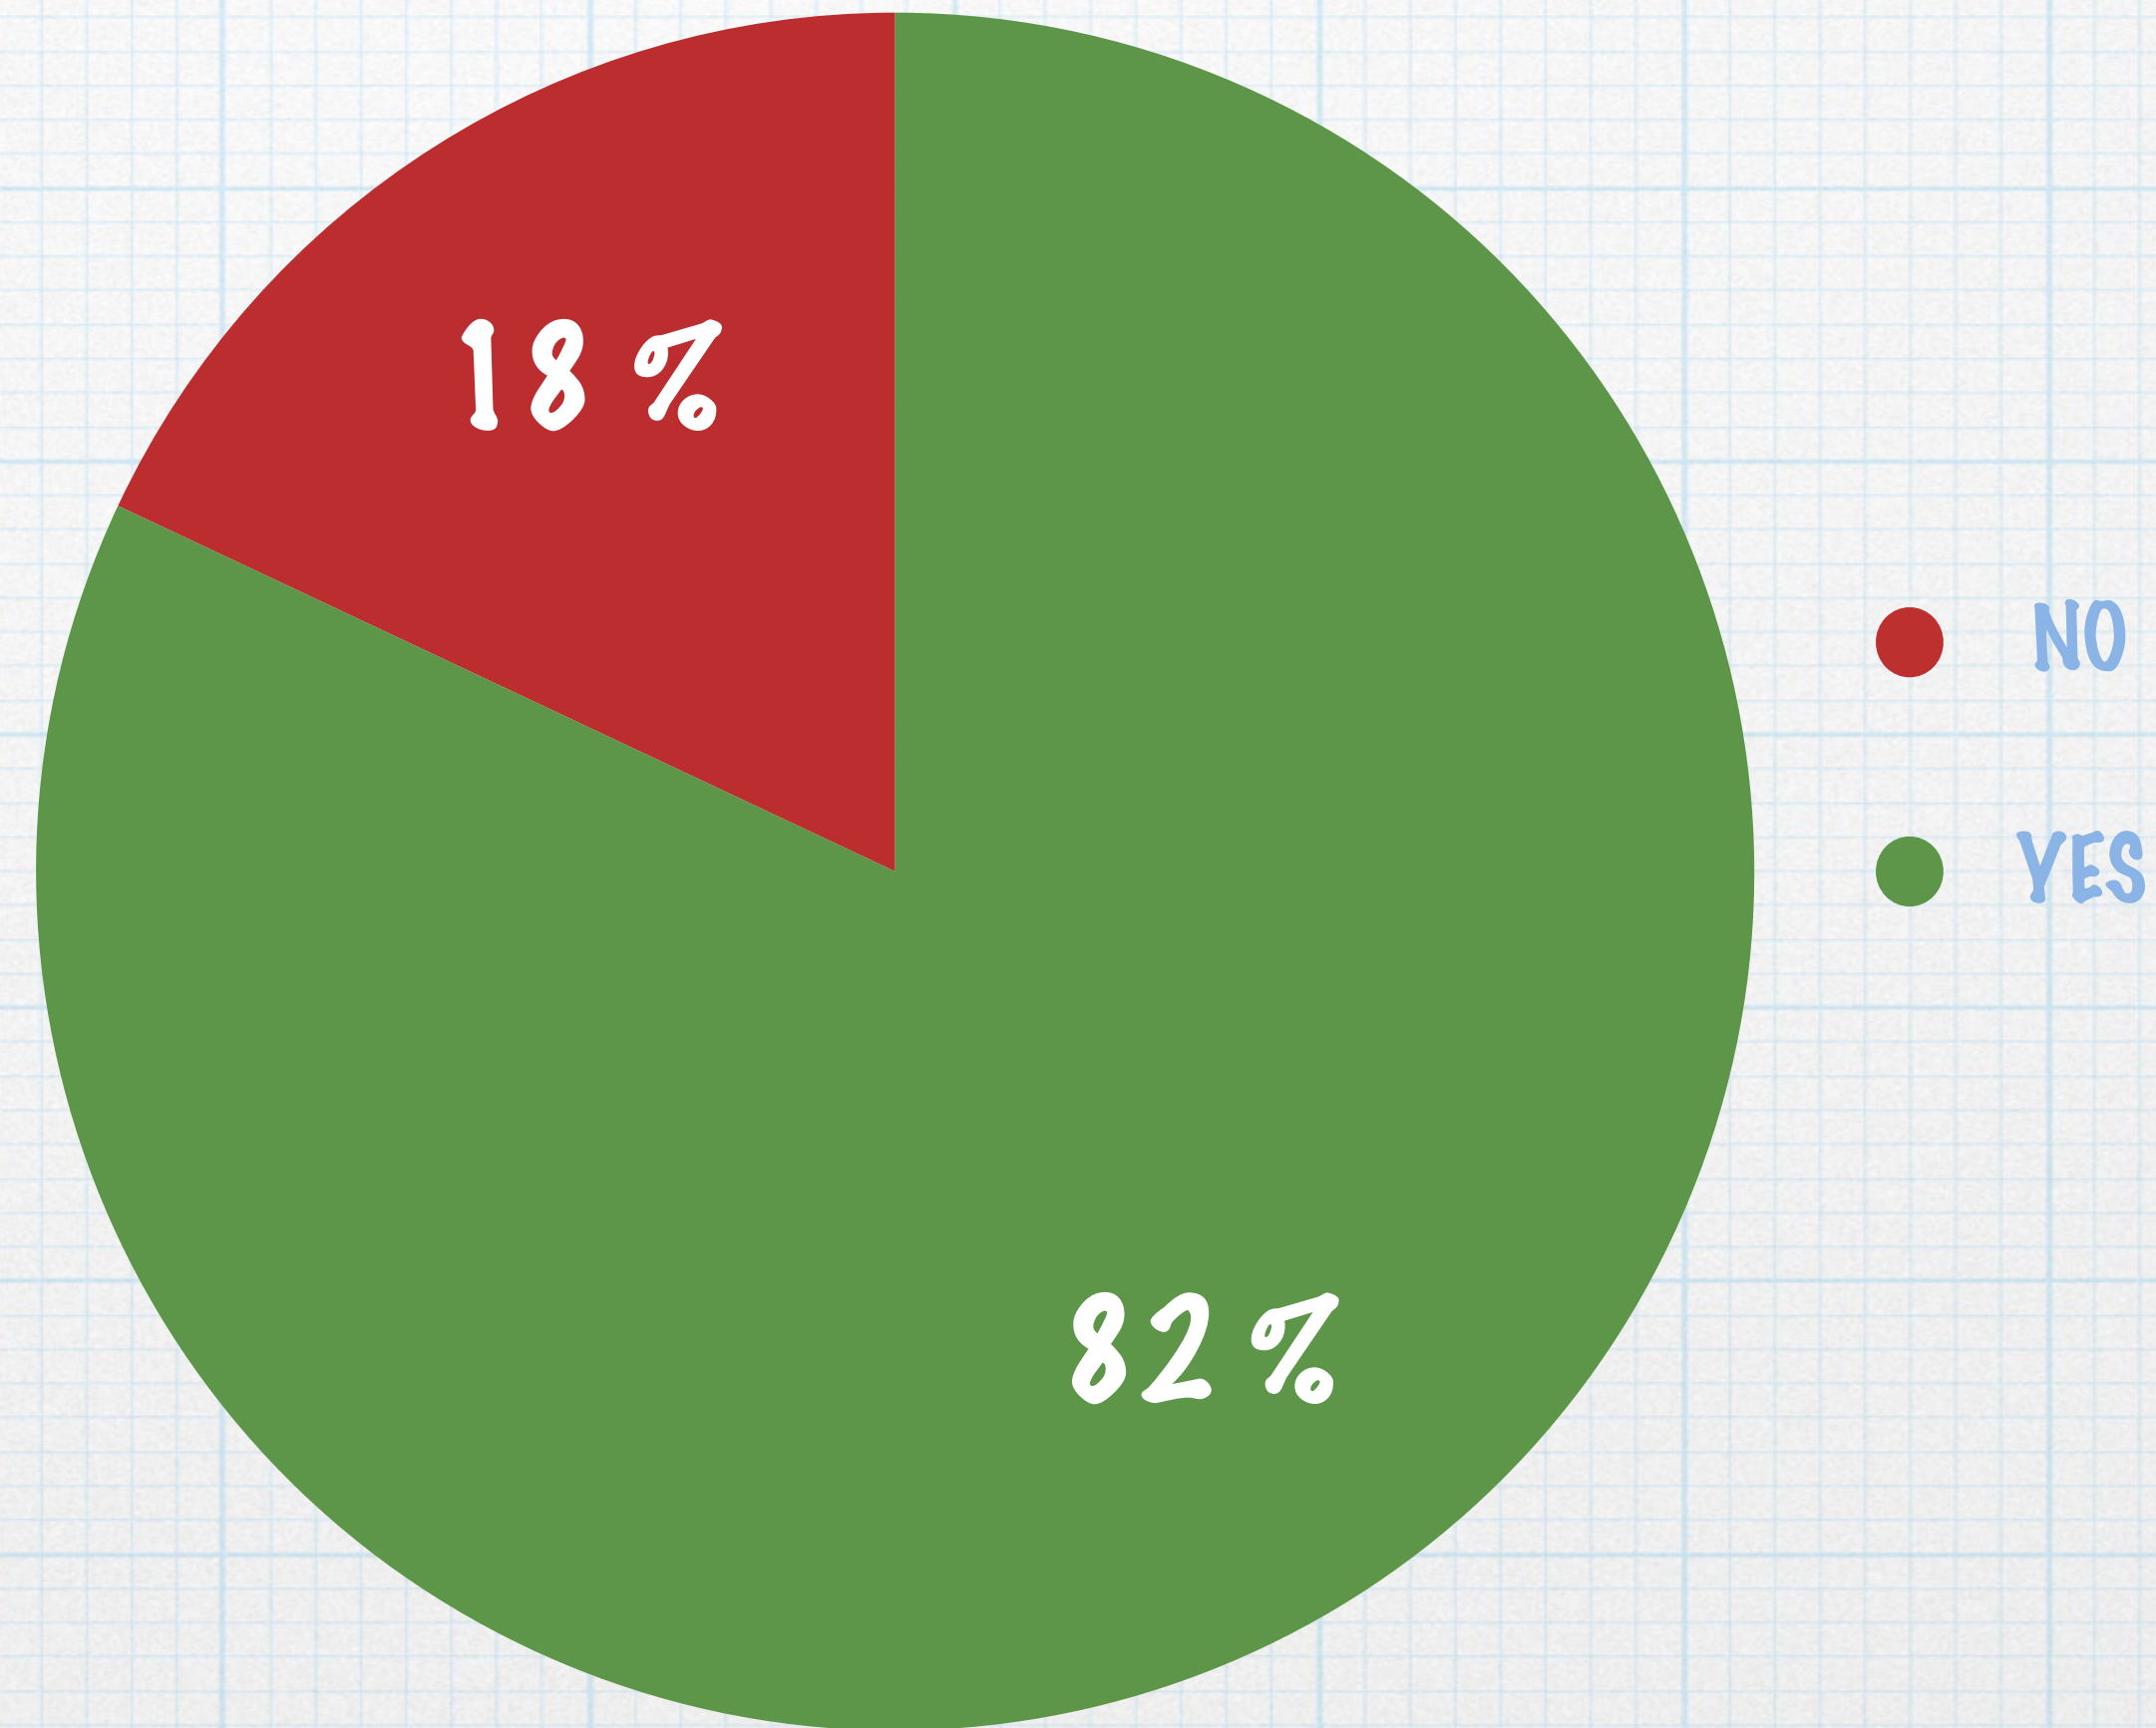

It was really long process.

Disposable tableware in fast-foods

The most of people
say yes, definitely.

We don't want disposable dishes
when we eat there.

Conclusion

We think we can change our production of waste and subsequently make our planet cleaner.

But we must start with oneself.

Go and start with small thing!
